

Your jobcenter supports vaccination - voluntary vaccination-offer for everyone over 12 years

The only effective protection against the Covid19 virus is the vaccine.

Your health and the health of your family and friends is important to us.

We, the jobcenter Duisburg, want to help increasing the number of people having benefitted from a vaccination.

Everyone who attended our last vaccination event could do with a booster vaccination now in order to be protected from new Covid types too.

For those who have not yet had the opportunity to get their shots, it is most important to procure a vaccination.

The 2nd of February 2022 between 09:00 a.m. and 03:00 p.m. at

**Jobcenter Duisburg
Friedrich-Wilhelm-Straße 103
47051 Duisburg**

we invite you to come and easily get your first- second- or booster vaccination.
All admitted vaccines are available.

**Please bring your identity card or your passport and your residence permit.
In case you have a vaccination card, please bring that as well.**

If you personally do not need a further vaccination, please do not hesitate to inform your friends and family about this offer.

We can fight the Covid pandemic only if we stick together.

This is why we would be glad if you accepted our offer and informed other people.

We wish you all the best, and most of all: Stay safe and sound!

Best regards

Your jobcenter Duisburg
